

Verizon Innovative Learning Schools (VILS) Hotspot Model Principal Expectations

The **VILS Principal** is a school-based administrator (preferably principal or assistant principal) who will be a primary point of contact for school communication with Digital Promise and Verizon. This person should work closely with the District Lead, the District IT Lead, the School IT Lead, and the VILS Liaison to align district and school goals with professional learning, and ensure systems are in place for teachers to participate in professional learning and for teachers and students to effectively leverage technology.

Key Responsibilities Include:

Participate in online onboarding for VILS Hotspot Model leadership.

Communicate how the VILS Hotspot Model aligns with and supports school goals.

Identify and support VILS Liaison.

Ensure that 30% of the school's teachers submit for micro-credentials each semester. Develop a plan to impact all students in the building through teacher training in the two (2) years of program participation.

Communicate with parents and community about VILS Hotspot Model and how it aligns with school goals.

Work with district leadership and IT to ensure hotspots are managed effectively and repaired or replaced promptly if damaged or lost. Communicate this process to families.
